### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with E. Russell Tarleton on 9/20/04.

The application has been amended as follows:

In the specification, page 1, line 6, "and allowed October 28, 2003, now pending" has been changed to --now U.S. Patent 6,715,441--.

In claim 9, lines 12, 13, 14, 16, 18, and 19, the words "cylindrical vitreous" have been deleted.

The following is an examiner's statement of reasons for allowance: The above amendment to claim 9 is made to render claims 10 and 11 further limiting thereof. The claimed method is allowable as it is predicated on the employment of the apparatus claimed in U.S. Patent 6,260,510. The apparatus, and hence the method requiring the use thereof, is not taught or fairly suggested by the prior art for the same reasons established in U.S. application serial number 09/221,227.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Timothy H Meeks whose telephone number is 571-272-1423. The examiner can normally be reached on Mon 6-6 and T-Th 9-5.
